

Robins!

KEY DATES

Half term

28th May 2018 -

5th June 2018

End of Term 6

20th July 2018

Swimming

Lessons continue throughout Terms 5 and 6. Please remember swimming kits, and goggles if needed, every Tuesday.

Plea!

If you have any old shirts/T-shirts that could be used for Class art shirts this would be greatly appreciated.

Homework

Family Learning will be set on a Friday and is due in the following Tuesday. We enjoy looking at how creative families are at presenting learning and we often share this in class. Regular reading is also expected (three times a week). New rewards for home reading are on their way!!

Welcome back!

Welcome back after the Easter holidays, I hope you all had the chance to rest and prepare for the final two terms in Year 3, we have lots of exciting learning planned over the next few weeks and we are eager to get started!!

As always, if you have any concerns or questions then please feel free to come and speak to me after 3:15pm when you collect your child from class. We look forward to sharing our work with you and hope that you can continue to support your child with their learning at home.

Mrs Thompson and Miss Marsh

For the last terms of Year 3 Robins will be learning about London! We are very excited to begin this topic by travelling back in time to the Victorian era...children will learn what life was like during that period, especially for children. This will give opportunities for them to write comparisons about aspects of life including school, family and art. Towards the end of

Term 5 we are also hoping to hold an 'experience day' to really immerse children into school life during the Victorian period!

Dates will be confirmed soon!!

In Term 6 we will begin a school wide DT project which will challenge our problem solving skills! Each class will be tasked with making a scale model of a London landmark which will then be pieced together to create a view along the Thames!

LONDON!

Supporting learning at home

Firstly, thank you for the support you have shown so far this year, it really does have a fantastic impact on your child in class. Over the next two terms, we will continue to practise our times table facts (multiplication and division) for the 2,3,4,5,8 and 10 times tables. We play 'Hit the Button' to help speed up our recall and the children (and adults) aim to beat their last score! It's good fun and a great way to practise tables. If you can, please support your child to use this tool to practise their tables as often as possible so that their recall of facts becomes as quick as possible.

We will also continue to practise spellings from the Year 3/4 list that I gave our during Parent Consultations. If you do not have this then and would like one to help your child learn spellings, please speak to myself or Miss Marsh and we will find you a copy.

PE

Robins have PE on a Friday morning following the Weekly mile. Please ensure that children have their PE kits with them and that they are labelled to avoid them getting lost.

Water Bottles

Children are allowed to bring in plastic water bottles for use in class.

Please make sure their names are clearly labelled on the bottles to avoid them getting lost.
